Benefits Orientation for U.S. Based Expats

This Benefits Orientation provides important information about your participation in the Northrop Grumman Health Plan and the Northrop Grumman Savings Plan. Complete details about the plans are contained in the legal plan documents that govern plan operation and administration. If there is a discrepancy between the information in this presentation and the provisions of the plan documents, the plan documents will govern.
Mandatory Enrollment in Cigna Global Health

To ensure U.S. employees working overseas have adequate health insurance, Cigna Global medical coverage is mandatory for all employees who are on an overseas assignment of 180 consecutive days or longer (may be less for certain countries such as Australia, the Netherlands, Saudi Arabia, South Korea and UAE, or Guam)

Enrollment in Cigna Global is automatic based on an international indicator sent to the Northrop Grumman Benefits Center (NGBC) by the Global Mobility Office (GMO)

• Covered dependents are also enrolled in Cigna Global whether they accompany the expat or remain stateside. Cigna Global provides coverage for eligible services rendered both overseas and within the U.S.
Opting Out of Cigna Global Medical

Employees may opt out of Cigna Global with proof of other international medical coverage or Tricare

- Contact the NGBC prior to deployment to request the waiver and provide proof the plan you have provides coverage tailored to be used outside the U.S.
  - Plan must specify it covers overseas work destination and includes medical emergency evacuation services
  - Plan must include a network of credentialed providers (physicians, hospitals, pharmacies) that practice Western-style medicine and have direct pay to providers
  - Proof of other coverage must be mailed or faxed to the NGBC or emailed to HWInternational@ngc.com

Opt out option is not available in all countries

- Certain countries such as Australia, the Netherlands, Saudi Arabia, South Korea and the UAE, and Guam have insurance mandates requiring locally approved and provided coverage.

Coverage will be waived effective the date the waiver is approved

- Provide the requested proof as soon as possible to avoid additional out-of-pocket expenses
- Refunds for Cigna Global cannot be issued after the waiver is approved
How Domestic Coverage Works Internationally

Employees who are not required to enroll in Cigna Global should understand how their domestic health will work internationally

If you are enrolled in an Anthem plan

- Anthem plans will cover claims for eligible services incurred outside the U.S.; however, Anthem does not have direct pay arrangements with providers for outpatient services
- You must pay the provider upfront and submit a paper claim to Anthem which can take several weeks to process
  - Although inpatient claims are the larger cost items and direct pay may be arranged in many countries, you may run up several thousand dollars for outpatient services (e.g., MRI or CAT scan)
- CVS/caremark considers international claims to be out-of-network and reimburses you 50% of the eligible prescription expenses
  - You must pay up front and submit a paper claim
  - Mail order for maintenance drugs is not available from the U.S. to foreign countries, and some countries limit the amount of prescription drugs that can be carried into the country.

For Kaiser participants, coverage for routine care out-of-network, including overseas, is not covered. HMOs will pay for urgent/emergency care; however, you will need to pay for the services and await reimbursement
If Your Assignment is Less Than 6 Months

If your assignment is for 90 to 180 days or if you are flagged as a frequent traveler by the GMO, you may voluntarily enroll in Cigna Global coverage:

- You must notify the GMO of your intent to enroll in Cigna Global at the beginning of your assignment.
- You may not change your benefits again until the next annual enrollment period unless you have a qualified life event (e.g., marriage or birth of a child), or return to the U.S.
- If you are flagged as frequent traveler and do not enroll in Cigna Global, you will be covered under Medical Benefits Abroad (MBA) which provides coverage for urgent and emergency medical services. You will have to pay for expenses and file the claim.

If your assignment is less than 90 days, you are not eligible for Cigna Global, unless there is an in-country requirement for local or mandated coverage.
Transfers: Things to Know

Deductibles and Out-of-Pocket Maximums

• If you are enrolled in one of the Anthem medical or Delta dental plans, amounts accumulated toward your deductibles and out-of-pocket (OOP) maximums will not apply to the Cigna Global plans.

• However, if you return to the U.S. and re-enroll in an Anthem or Delta plan within the same benefit plan year, any amounts already applied toward your deductibles and OOP maximums are reinstated.

Health Savings Account Participants

• If you contribute to a Health Savings Account (HSA), your payroll deductions to the HSA will end if you enroll in Cigna Global. However, you still own your HSA and may continue to use the funds as you like (distributions are generally tax-free if they are used for qualified medical expenses).

Cigna Global Dental

• If you are enrolled in a domestic dental plan, you will be defaulted to Cigna Global Dental Plan. You will have 31 days to cancel that coverage or reenroll in stateside dental.
Fidelity® Personal Planning & Advice

- Personal Planning & Advice service offered through the Northrop Grumman Savings Plan is not available to employees whose address in the HR system is outside of the U.S.

All international assignees will continue to be eligible for other benefits (e.g., Vision, Flexible Spending Accounts (Dependent Day Care and Health), Life and Accident Insurance, Long-Term Disability)
New Hires: Things to Know

A Benefits Orientation is available on the company intranet. Go to the New Employee Information page found under Employee Services/Human Resources.

New hires must make their optional Health & Insurance benefit elections by the deadline shown on their enrollment letter (within 31 days of date of hire or date of letter)

- If you miss the deadline to enroll in benefits, you will need to wait until the next Annual Enrollment (or sooner, if you experience a qualified life event) to make your benefit elections

Enroll in the Savings Plan

- Automatic enrollment begins about 45 days after date of hire at initial tax-deferred contribution rate of 4%
- If you do not want to participate, you must decline enrollment. You may also affirmatively elect to participate in the Savings Plan at a different contribution rate

Be sure to designate your beneficiaries for basic and optional life insurance, AD&D insurance and the Savings Plan

When You Return the U.S.

When your assignment ends, your Cigna Global medical and dental coverage will terminate and:

• You will be automatically enrolled in the domestic medical and dental plans you had before your international assignment.

• If your prior medical plan is no longer available, you will be enrolled the Plan 3 – Low Premium/High Deductible Plan, an Anthem medical plan.

• If you dropped your dependents while overseas, you will have to contact the NGBC to add your dependents to your coverage.

• If you were previously not enrolled in domestic coverage, you will again be enrolled in "No Coverage".

• You may change your domestic coverage options within 31 days of your return to the U.S.

• Your Cigna Global coverage ends effective the date the GMO changes your international status. Upon your return, call your GMO analyst to confirm that your GME (international medical indicator) has been removed.
