

Apply for Retiree Medical Coverage

If You're Under Age 65

Make sure you understand the different coverage effective dates as you plan for retirement.

- Retiree medical coverage will be effective the first of the month following your enrollment.
- If you *retire* from Northrop Grumman, the benefits you have as an active employee remain in effect until the end of the month in which you retire. If you *terminate* your employment, your benefits end on the day of your termination.
- Any amounts applied to your deductible and out-of-pocket maximum from active coverage or COBRA reset to \$0 when you enroll in retiree medical coverage.

To enroll in the Northrop Grumman Retiree Medical Plan, you must call the **Northrop Grumman Benefits Center** (NGBC) at 800-894-4194 to make your elections. NetBenefits will not display your retiree medical plan options and costs, or allow online enrollment, until after you retire.

If You're Age 65 or Older

Medicare will be your primary health insurance coverage if you're **age 65** or older, and you have the option to purchase additional coverage to supplement Medicare. Visit the **Medicare website** to learn how to enroll. It's important to sign up for Medicare as soon as you're eligible. If you don't, you may be charged higher premiums.

Contact the **Northrop Grumman Benefits Center** (NGBC) at 800-894-4194 to determine if you're eligible for the Retiree Health Reimbursement Arrangement (RHRA) or other subsidized retiree medical coverage. Then, visit the **Via Benefits website** or call 855-832-0976 to learn about the supplemental Medicare options they offer, and to enroll.

Split Coverage Situations

In some cases, the retiree may be **age 65 or older** when the spouse is still under age 65, or vice versa. In these situations:

- The individual **under age 65** may enroll in medical coverage under the Northrop Grumman Retiree Medical Plan until they **reach age 65**.
- The individual who is **age 65 or older** may have access to the services offered through Via Benefits.

COBRA Benefits

When you retire from Northrop Grumman, you and your covered dependents may be able to continue your medical, dental, vision and/or EAP coverage for a limited time through COBRA. When COBRA ends, you may enroll in Northrop Grumman retiree medical coverage.

Contact the **Northrop Grumman Benefits Center** (NGBC) at 800-894-4194 and ask for the cost of COBRA coverage to help you compare your choices. COBRA is a continuation of your active coverage, so any amounts applied to your deductible and out-of-pocket maximum for the current year do not reset to

zero.
